Alex Fleri – Original Decking Qld 9
Eileen Ave, Southport,
QLD, 4215

Dear Alex,

Carolyn and I would like to further convey our appreciation to you and your team for the recent construction of our stunning timber deck at Margate. We had a Patio roof cover constructed by ALTEC who recommended you as an excellent builder.

We could not have met a more professional and well mannered team of people who are very dedicated in achieving the expectations of clients. This was most evident with the constant communication from Alex and the cleanliness and organisation of the site during construction. Not to mention the on time completion.

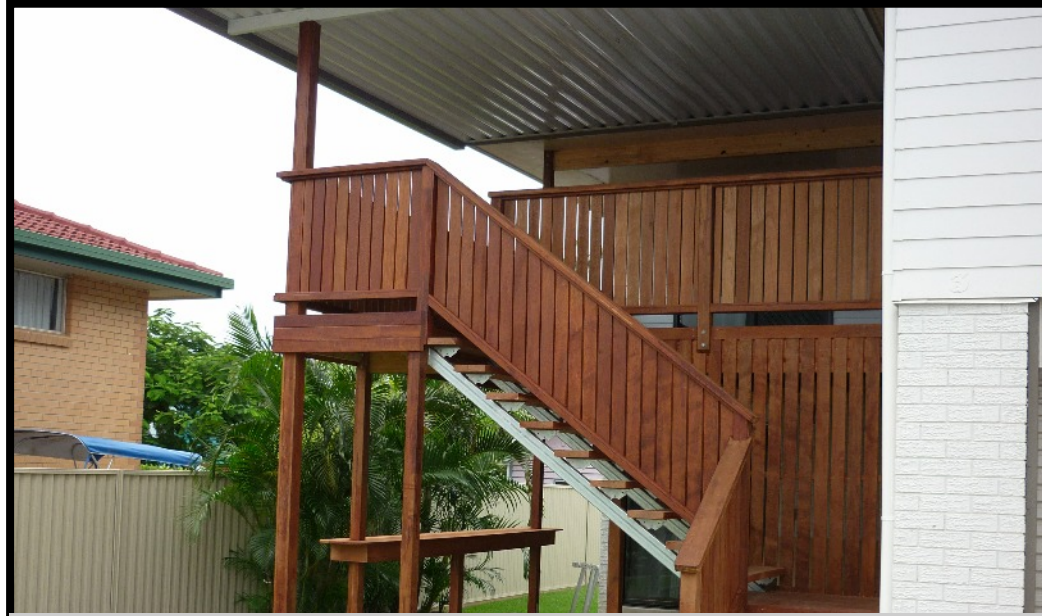

We received a number of quotes from local builders and were disappointed with their lack of enthusiasm for the project and their lack of technical knowledge. We were most impressed with the time Alex put in to review our Draftsman's drawings and as a result suggested more practical and more cost effective solutions to the

You maintained a level of professionalism and service which other builders can only hope to emulate.

From our experience of dealing with your team we look forward to all our future business with Original Decking and can highly recommend you.

Yours Sincerely,

Michael and Carolyn Ross
